Certificate of Conf. Low Voltage D.

CoC (Certificate of Conformity)

The certificate of conformity (CoC) refers to the product specified in the certificate. The certificate demonstrates that a product sample was tested and evaluated at a specific time, and found to be in conformity with the assessment requirements specified in the certificate.

A CoC is relevant to importers and exporters to prove that products comply with local regulations.

This certificate does not imply an assessment of the product's production and does not permit the use of a TÜV Rheinland test mark.

The holder of the certificate is authorized to use this certificate in connection in with the EC declaration of conformity unless the product is altered.
